Dear Students,

Greetings from ARAI-AMTIF!

ARAI – Advance Mobility Transformation & Innovation Foundation (AMTIF),

Is a Section-8 entity promoted by The Automotive Research Association of India (ARAI), Pune, is actively working to support the young innovators such as the students across their ‘Conceptualization-to-Commercialization’ journey in the mobility and allied sectors.

In line with our vision to support the young Innovators towards building the ‘Innovation for the Nation’,

We are pleased to invite you to ‘**Navigyaan – Navigating the Path to Educ8 & Innov8**’.

This Initiative will be organised by ARAI-AMTIF across India with a view to support the students to Innovate, Incubate and Integrate their ideas. The Event shall host a series of sessions to help the students to build their Ideas, Innovation and Knowledge.

The ‘Navigyaan’ series brings together the G-I-A-N-T-S of the ecosystem – **Government, Industry, Academia, Network of Investors, Technology Enablers, and Startups**, to exchange ideas, build connections, and enable opportunities in mobility and allied sectors such as **Electric Vehicle Technology (EV), AI/ML, sustainable transportation, clean energy, logistics, marine, drone, space technologies**, etc.

Why Attend this Event?

- Network with policymakers, industry leaders, investors, incubators, and R&D institutions
- Gain insights on career growth, startup funding, IPR, product validation, and scaling Ideas
- Explore opportunities for pilot Project, partnerships, Internship, funding, and Government programs
- Join ARAI-AMTIF’s ecosystem for incubation, Innovation, Education and Industry Academia access.
